leave your paw print...

Often we are asked what we want to be known for - being the best on the football team, having the most community service hours, or being the smartest one in school. Now is our time to be who we want to be, and be known for being ourselves. Whether you've been called the jock, or the nerd, or the cheerleader, we've all got it in us: that Tiger Pride. It's our time to leave our school behind, and with it, our very own Tiger Paw print that represents everything that is our individual story at Newton North.

in the moment...

What great moments will you remember from this year— a great party, great game, great holiday break? Our inside jokes, our reminiscing back to freshman year, remembering times with new and old, good and bad friends, those moments are the ones that make up our very own story. These are the times making our high school experience just that—a Tiger experience. We have our fun, and we leave a piece of ourselves in the moment, our Tiger paw print, keeping the memories alive forever.

IN SOME BRINGING COLOR

Over the summer, Ms. Shaughnessy and Ms. Mazzola painted their classrooms. A deep purple was chosen for room 271, and orange sherbet was used to brighten the windowless *Newtonian* office.

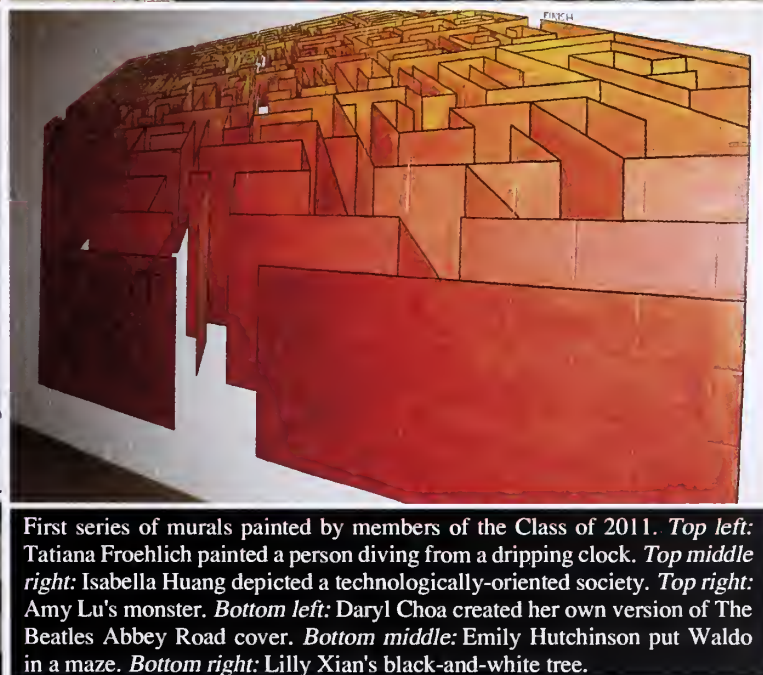

Above: Hidden on the lower part of the wall, Katie Brandl '11 left her mark on the new building with a spring inspired painting.

Top left and above: A series of birds can we found on the walls leading down the Fine Arts hallway painted by Abby Wolfe, a member of the Class of 2011.

(Left) 'Millennial Mural' painted by local artist Elli Crocker in 2000 to serve as permanent visible "time capsule" that reflects both the diversity and community of the student body at the turn of the millennium. The painting was kept in its original form from the old building and now hangs on Main Street for all to see.

(Below) Reprints of the aluminum murals that once hung on the Elm Road end of the old building now hang over Main Street reminding students and faculty of Newton North's core values. Local artists Emma Vesey and Suzy Pilgrim Waters were both commissioned based on work they submitted, they worked together to create one design on six panels.

First series of murals painted by members of the Class of 2011. *Top left:* Tatiana Froehlich painted a person diving from a dripping clock. *Top middle right:* Isabella Huang depicted a technologically-oriented society. *Top right:* Amy Lu's monster. *Bottom left:* Daryl Choa created her own version of The Beatles Abbey Road cover. *Bottom middle:* Emily Hutchinson put Waldo in a maze. *Bottom right:* Lilly Xian's black-and-white tree.

Younger Days

Before the days of texting, Twitter, and Facebook.

Days filled with *Rugrats*, *All That* and *Zoom* have long since passed but who could forget playing tag, kickball or running around until you could barely breathe? Going to camp, playing Little League baseball or Pop Warner football? Grabbing ice cream at Cabot's? How about the Seventh-grade ski trip, eighth-grade Rock trip, or the freshman year New York trip?

PERSONAL EXPRESSION

Newton North is a place where students have the opportunity to express themselves with their own creativity. Whether it's tattoos, piercings, cars, hats, wallets, or accessories, you can always find new and unique ways to express yourself. Although the Newton North community is very connected, students continue to strive to be different and stand out by freedom of personal expression.

"My tattoo means 'family first.' The rising sun means the beginning of the day. Everything else including basketball, comes after family. The stars mean the end of the day, 'night.'"
- Senior Michael Thorpe

"I chose the color because hardly anyone has an orange car so it stands out and I like being different from other people."
- Junior Hector Coscione

What's Your Ideal Weekend?

With limited time off from a week of lectures, notes, quizzes, and tests, students cram as much as possible into their weekends--striving to partake in their ideal activities for having fun. Parties, movies, restaurants, concerts, sporting events, and team bonding fill the weekend agendas of Newton North students. In a recent poll from students, most answered an ideal weekend would consist of plenty of relaxing time, fun events with friends, parties, and absolutely NO homework!

Ilana Greenstein, Katrina Barry, and Sam Schwamm dance together at a party.

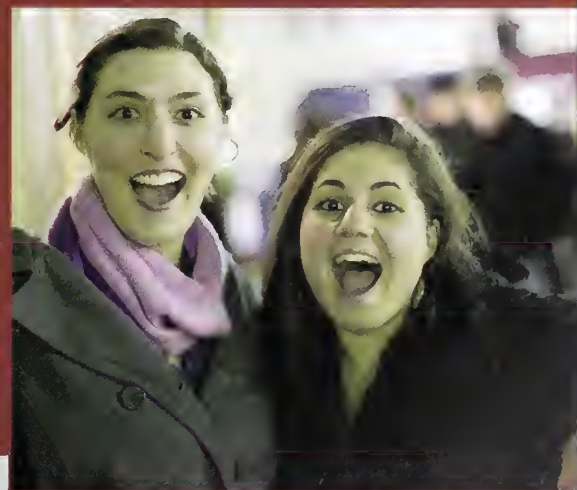

Leah Schatz and Alexandra Pini enjoy the falling leaves.

Luckily for North students, Halloween fell on a school day this year. Most celebrated over the weekend, but Halloween still made an appearance in the hallways. Many students and even some teachers dressed up in fun and crazy costumes, ranging from superheroes to condiments, showing that we're never too old to celebrate!

STYLES & TRENDS

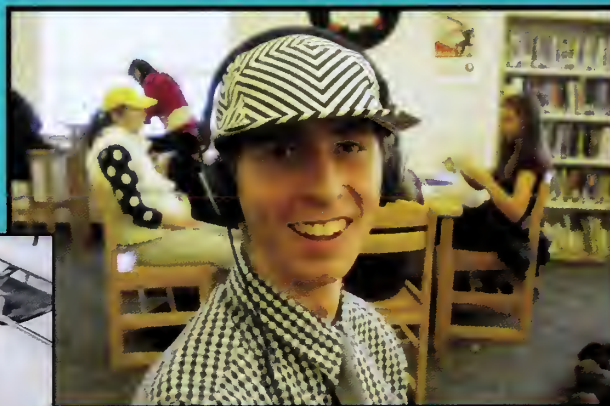

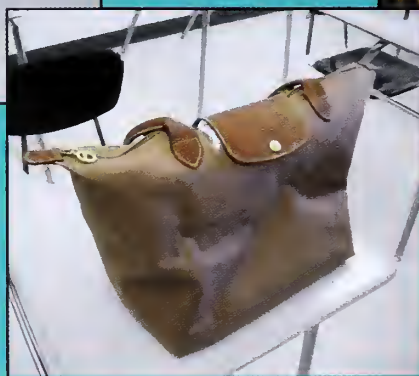

Over the years, fashion styles change and evolve into what's "hot" today. In the year 2012, lace, leggings, scarves, boots, and skirts were all very popular. UGGs, skinny jeans, The North Face, TOMS, and high-waisted bottoms were also popular in 2011 - 2012. Each of these clothing pieces are versatile and can be worn year-round when paired properly with the right accessories. Here at Newton North, there has always been the opportunity to express oneself in what one wears. Some students are bold in what they chose to wear and others are more reserved. Each hallway is a different runway, as each student is their own designer.

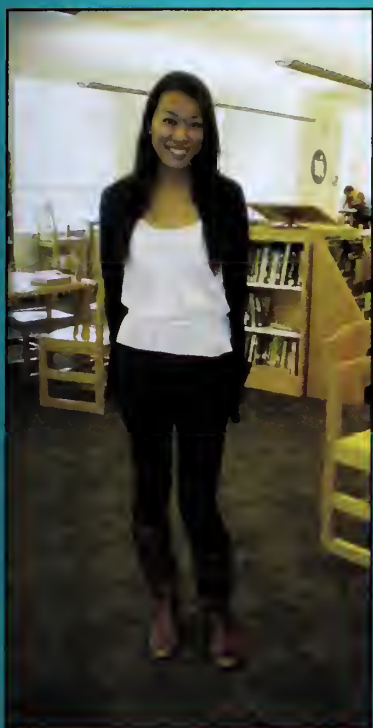

On this page, Senior Gabe Dryer (Pictured with Sarah on bottom left corner) tends to dress in a preppy and sophisticated style, Renae Rabb, Emily McLaughlin, and Leah Schatz (Right to left, pictured) are dressed for the holiday season of 2011. Black and Orange

23

The third and final day of spirit week was Black and Orange. Newton North students dressed in black and orange from head to toe. Most students wore the 2011 Spirit Week T-Shirt, which said "UNLEASH YOUR INNER TIGER" on the front. The day ended with the annual pep rally, where the cheerleaders and dance team performed and the senior football players were introduced and congratulated.

NOVEMBER 25

On November 25th, football teams all around the country take the field in one of the longest-standing High School traditions, Thanksgiving Day game. For well over a century, two of those teams have been the Brookline Warriors and our Newton North Tigers. For our players and our community this is more than just a game—it is a battle to see who is best. This year the game took place on away turf at Brookline High School, where the stands overflowed with the hustle and bustle of current students, family, faculty and graduates watching the game; the spectators shouted and cheered for their respective team. During half time, both the Tiger and Warrior cheerleading squads and the Newton North dance team performed. The Tiger cheerleaders out-performed the Warriors with better routines, stunts and precision, but our football team unfortunately came up short. The game is always intense and for some of the boys it will be their last football game ever. However, no matter the outcome of the game, this day is about tradition and community.

Earning Some Dough / Lending A Hand ...

Senior year comes with a lot more freedom: more free blocks, licenses, and cars to drive around in with less homework to worry about. All this freedom leads to eating out more often, going to the mall and movies, and partaking in other fun activities with friends... fun activities that usually cost an extra buck or two.

Unfortunately, seniority comes with expected responsibility, and parents are starting to refuse to pay for all of our desires (with our upcoming tuition bills, who can blame them?), so many

Seniors and even some Juniors decide to buckle down and earn some money for themselves. This year, students had a variety of different jobs, including scooping ice cream and frozen yogurt at various eateries, teaching dance classes, being receptionists at hair salons and athletic clubs, and even printing custom apparel.

Although it feels good to earn one's own cash, other students have also embraced the satisfaction of volunteering: working to give back to the community that raised them.

Hang Out Spots

Hang out spots are valuable parts of our lives. They are the soothing places that we look forward to and are what helps us to tolerate the agony of going through teachers' lectures, paperwork, tests, and more. Friends are always there in the hang out spots to comfort us and keep us from breaking down to our wits' ends. Plus, hang out spots are just plain awesome and we just wanna be there.

During the 2011-2012 school year, students are using social media websites now more than ever. Many students tend to enlighten their peers of their daily activities via Twitter. Even teachers have taken advantage of twitter to share homework assignments with their students or to recommend good books. Whether it's because it's one of the few social media sites that isn't blocked by the server, or just because of it's growing popularity, students tweet non-stop about their experiences here at Newton North.

Class of 2012,

I think it goes without a doubt that our grade is one of the best to ever grace the halls of Newton North High School- we haven't been perfect, but we've always been great students and leaders...who knew how to have a good time. Our class has experienced an immense amount of change during out high school years, but despite, we have made it through as a class united. We were the only class to experience two years in the legendary old Newton North, and two years in the incredible new building. Freshman and Sophomore year we shook things up by breaking traditions and junior year we again confirmed that we were the greatest class after our Junior semi-formal at the aquarium. Senior year we expressed our school pride through our wild 6th man, an experience we were able to enjoy, and learn from. In the past four years, we've had extreme highs and lows, but we didn't come out of any experience without maturing, and becoming one as a class. We've shown everyone that it is possible to work hard and play just as hard, so it's a no brainer to me that everyone knows they wanna be "ONE-TWO". I wish everyone well in this endeavors next year, and I encourage everyone to remember where they got their start, here in 012. Love you all, CONGRATS!

- Jon Paul Roby, Class of 2012 President

To the Class of 2012,

You have made your mark on the institution known as Newton North High School. In the classroom, on the stage, on the athletic fields, or more importantly, friends and teachers you have touched; you have made NNHS a better place because you were here. Your journey does not end but rather begins here. Take all the knowledge and wisdom you have acquired and shared and let it be your legacy wherever life takes you. Continue on to do great things.

- James D'Orazio, housemaster

Dear Class of 2012:

Congratulations you have made it! I know this time is bitter sweet. On one hand, you are mourning the end of one chapter of your life, but on the other hand you are looking ahead anxiously to exciting new opportunities. The entire faculty and staff at North wish you the best of luck as you spread your wings and explore life beyond Newton north.

We ask that you never forget this special institution. We have invested our hearts and souls in each and every one of you. We are proud to call all of you North graduates, and we hope that you are proud to call yourself a Newton North alum.

As you leave us, please never forget the valuable lessons you learned here at North. I hope that the life lessons that "Learning Sustains the Human Spirit" will be with you always,

You have been given a strong education here at North and throughout your time in the Newton Public Schools. As it is often said, to those that much has been given, much is expected. So you are expected to do amazing things. Take the lessons you learned here and leave this world a better place. I am confident you will do so.

I wish you the best of luck.

Class of 2015

Message from the Housemaster:

Congratulations to the Class of 2015!!

What a wonderful year! I have truly enjoyed your freshman year and I am thrilled that we have three more years together. We often ask our freshmen to think about how they will make Newton North High School a better place than it was their beginning days of their first year here. And, so I ask ~ how will you be remembered?

This Class is a unique one - one that has great camaraderie and a collective sense of responsibility. Build on that - find your way, make your mark and make good decisions.

You have three more years to set yourself up for a bright future after high school, three more years to work on life-long friendships, and three more years to become more of yourself.

I look forward to the rest of our time together, watching you grow and succeed in all that you do. You're a great Class. See you soon!

Best,
Ms. Stauss

in the classroom...

No matter if you see yourself as a history or science student, an AP or curriculum II student, or somewhere in between, we are all Newton North students, excelling with extreme pride in our academics. So here's to us, the Tigers leaving behind paw prints on all-nighters, research papers, lab reports, book reports, and four years of Newton North classes under our belts. We will remember our hard work, left behind us as paw prints in the classroom.

"Learning Sustains the Human Spirit"

What do you like best about the **LEARNING COMMONS**?

"The Learning Commons takes away the stresses of school-life. I can go in anytime to work on my school work or to borrow some of the most advanced technologies they have!"

-Kellynette Gomez **Senior**

"The librarians are very helpful, and the resources that are provided are a great help to finish any school work I need to do."

-Holly Szafran **Senior**

Hanging Out Students often find that the Library is the most common, and relaxing place, to hang out with friends.

Computers When entering the Learning Commons, there is a line of computers for student use.

iPads Ms. Tate shows off one of the many cool iPads readily available for students to use during their down time.

Kevin McGrath (librarian),

"The Learning Commons has a huge selection of favorite books for all, the furniture is 167% better than before, and the students are better than ever (sorry alumni)!"

Donna Johns (librarian),

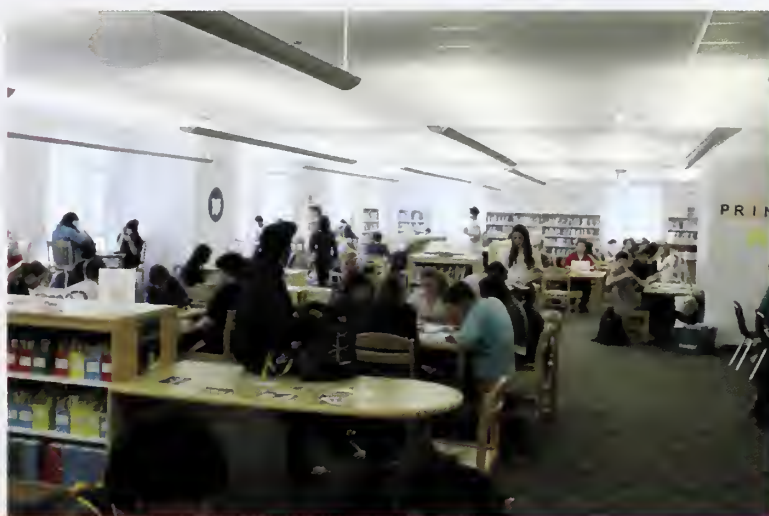

"Most of the new technology is very visible. We provide iPads, iTouches, flip cameras, Kindles, and handheld scanners, along with the computers and printers in the Learning Commons."

Annette Tate (librarian),

"The Learning Commons Website provides access to the best information, and many ways for all to participate by speaking their mind."

Inside the Newton North Learning Commons

Library Learning Commons

"'Learning' is becoming the best person you can be by exercising your mind. 'Commons' is participating, creating and making it happen, with the support and encouragement of others. It is a library too; a place where all knowledge is accessible."

-Mr. McGrath

Most schools would call the place stored with books the "Library". Not at Newton North. We have the "Learning Commons." This is a place where work can be done, but it also can be a place to relieve stress. There are many sections to work with tables and chairs, and there are also cushioned chairs to sit back, and relax.

Along with the cushioned chairs, there are different rooms throughout the space.

There are rooms with TV's to catch up on current events and news, there are classrooms with computers for teachers to sign out for their class, and there are resource rooms, which supply paper, poster boards, flashcards, and whatever else you may need for a school project. It's not just a place with lots of books anymore, it's a learning community.

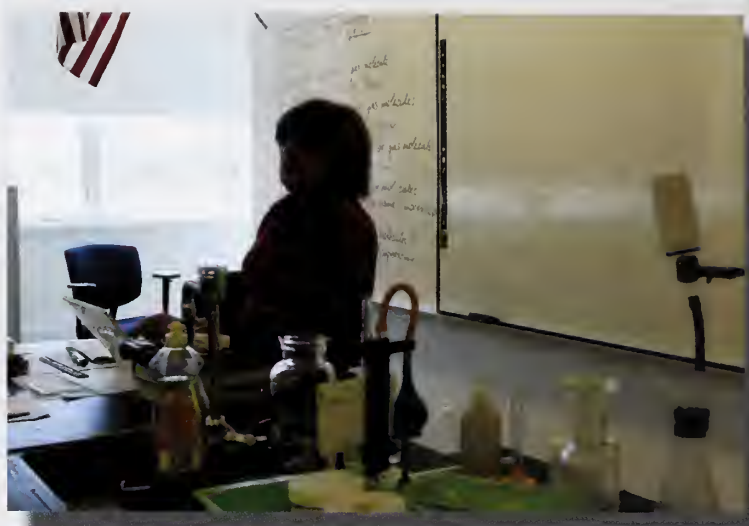

"All of the librarians are very knowledgeable. The Learning Commons are so accessible that if there is not a book that you need, the librarians will order it for you right away, which is neat when it comes to research papers!"

-Ian Sotoloff **Senior**

Labs Mrs. Tokos demonstrates a lab experiment for her class.

Lectures Mrs. Osipenko stands at the front of her Chemistry classroom.

What are the aims and goals of your department ?

Amy Winston, Science

"The Science Department strives for all students to attain scientific literacy - a basic understanding of the natural sciences, and their interactions. To graduate from North, a student must successfully fulfill all graduation requirements in physical science courses and biological science courses."

Charles Rooney, Math

"Most students want to study mathematics as a tool for effective citizenship, as a tool for functioning in a technological world, as a system in its own right, or as a fulfillment of requirements - high school graduation or college entrance."

Melissa Dilworth, English

"We strive for excellence in writing by requiring students at every grade and curriculum level to write analytically, personally, critically, imaginatively - and often I enjoy seeing students realize that writing, as well as reading, is a vital part of life."

Jon Bassett, History

"The History and Social Sciences program seeks to encourage students to understand and reason about successes, failures, triumphs and tragedies in human history, particularly as they are reflected in the ideas and actions of the people we study."

Nancy Marinucci, World Language

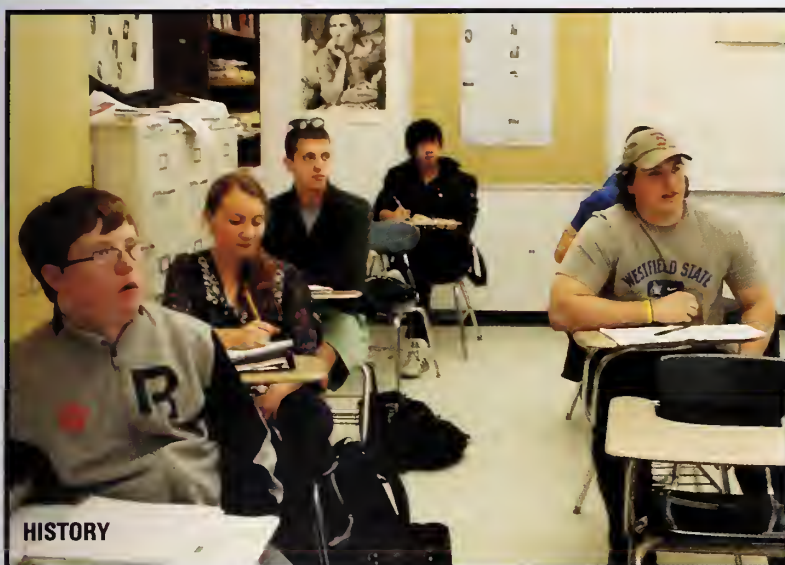

"The World Language program seeks to promote linguistic and cultural literacy while cultivating a love of and enthusiasm for a language and culture. We believe that a "world view" is best established through the learning of a language in the way that it connects us with and fosters an understanding of "the other"."

Tom Giusti, Physical Educ.

"We emphasize an active process of becoming aware of and making choices towards a healthier, more fulfilling life by giving students the skills and knowledge needed to establish and sustain an active lifestyle."

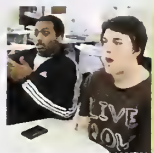

Inside the classroom

Academic Curriculum

Graduation Requirements: Not only will we walk away from Newton North High School with a new perspective on life, but we will have received a unique learning opportunity in a competitive learning environment, possibly the best experience of a lifetime. However, besides these intangibles results, there are certain requirements every student must fulfill in order to walk across a stage and receive a diploma. We each

have to leave the building with 100 credits, spread among certain subjects: 20 English credits, 5 Biological Science credits, 5 Physical Science credits, 10 History and Social Science credits, 5 US History credits, 10 Mathematics credits, 5 Physical Education credits, and 5 Fine, Performing, and Technical Arts credits. In addition, each student must pass the MCAS tests in English, Math, and Science.

"The transition from middle school to high school was definitely helped by the EDCO program. I also like how I'm able to play sports with NNHS teams, and take classes with EDCO. Best of both worlds!"

Sophomore **NAOD GETACHEW**

"EDCO has done an amazing job allowing me to not only take self-contained class, but also take mainstream classes.

Sophomore **CONRAD BELTZ**

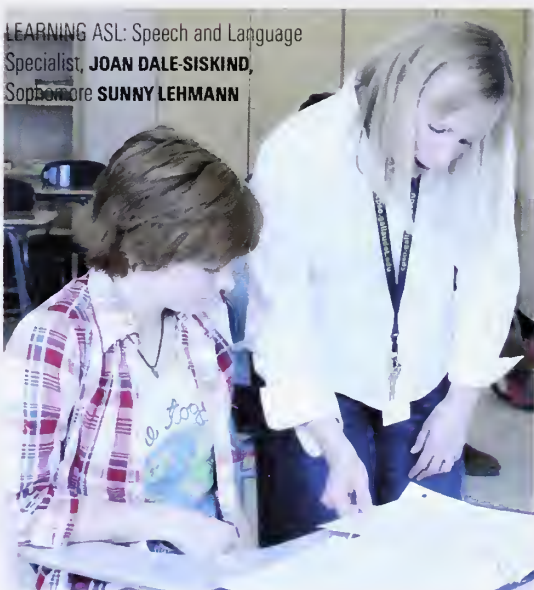

"I find that the classes offered here are exceptional and are the top-notch. Also, the staff of EDCO are helpful and understanding, which is not often seen elsewhere."

DISCOVERING A NEW LANGUAGE: **AMERICAN SIGN LANGUAGE**

"I really wish everyone could sign! There are so many instances where signing is just an easier way to communicate like in class, through windows, in loud areas, and even while eating! I usually sign with my deaf or hard-of-hearing friends or other classmates I made through the class."

SUNNY LEHMANN Sophomore

"I recommend this class without a doubt. I was given the chance to get to know people that I would otherwise have not be able to communicate with, while learning numerous different things about deaf culture, controversial issues, and the sheer beauty of American Sign Language."

KYLE HARTMANN Junior

"ASL was something I'd been interested in before high school, but I didn't really know anything about sign language or anyone who was deaf. Now, I have a friend who is deaf. It's great that I can actually sign with him, instead of just writing or gesturing like I would if I hadn't taken the class."

EDCO COLLABORATION

In a school community that is dedicated to providing a diverse and comprehensive education—and one that is especially rich in student resources—it shouldn't be surprising that Newton North has such a well-developed **EDCO Program for the Deaf and Hard of Hearing**.

EDCO is the oldest secondary-level program for the deaf in Massachusetts. This year, the program serves about 29 Deaf and Hard-of-Hearing students. Walking down Main Street, it is not uncommon to see any number of students conversing in American Sign Language (ASL). Even outside of the program, some students have found sign language to be an effective way to communicate.

The EDCO program goes far beyond providing services for students with hearing loss, inside and outside of the classroom. It allows students to either learn in self-contained classes, or in mainstreamed classes in which they can learn with an interpreter converting spoken English into ASL.

Students who are not deaf or hard-of-hearing are encouraged to take ASL as an elective or world language credit. With EDCO, Newton North expands communication among students using languages spoken both with words and with hands.

DR. EDWARD MULLIGAN
Director of the EDCO program

"The EDCO Program for the Deaf and Hard of Hearing is recognized as one of the Massachusetts premier high school programs for youth. This has a direct correlation to being housed in Newton North High School and Day Middle School. We are fortunate that Deaf and Hard of Hearing students are able to take advantage of this terrific school system."

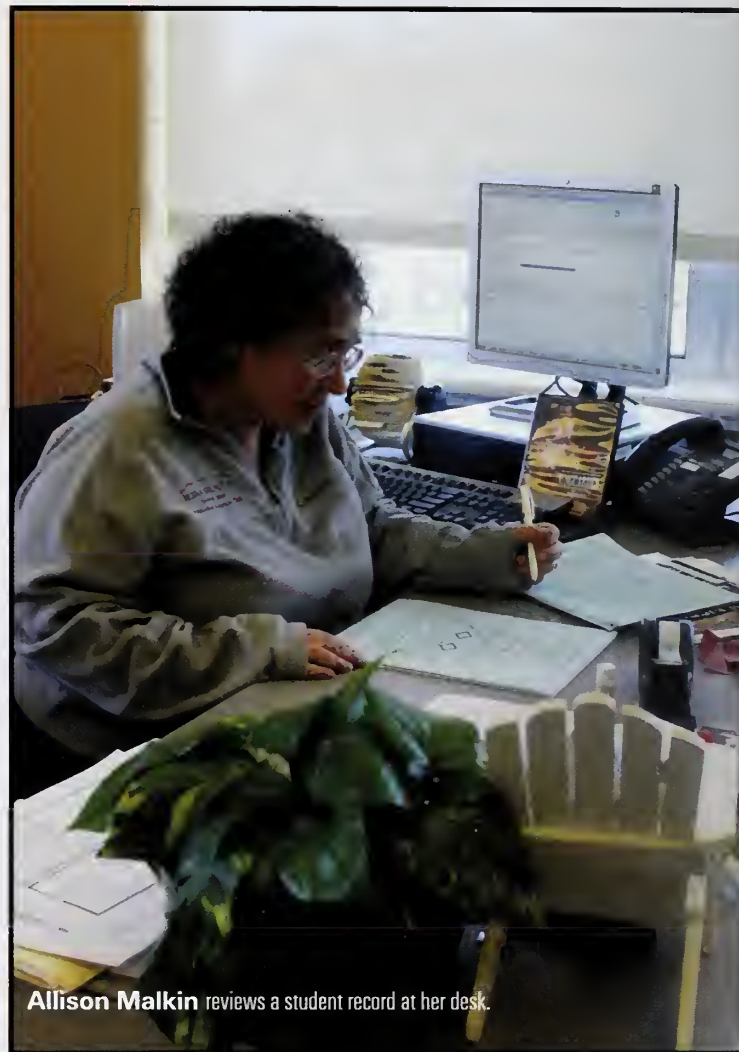

What is the best **advice** you have given a student?

Belma Johnson

"I asked some of my students this question and I'm going with the following quote they said is something they hold onto: "When something bad happens; you have 3 choices. You can either let it define you; let it destroy you; or let it strengthen you""

Allison Malkin reviews a student record at her desk.

What's your **favorite** part about being a counselor?

Amanda Tsetsi, "I enjoy being able to get to know a variety of students from different backgrounds. I also enjoy being part of a larger support network for students and their families."

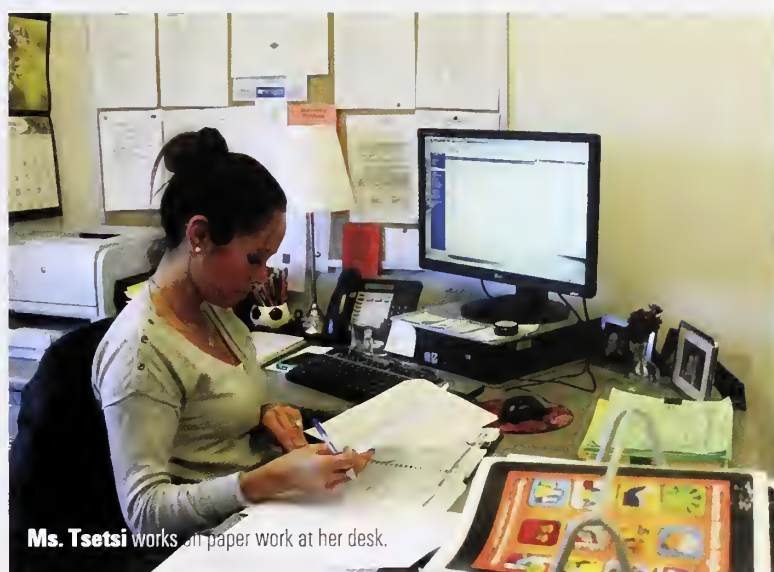

Matthew Ford, "Having the privilege of people letting you into their lives when then don't necessarily have to."

Jerry Etienne, "Seeing our students develop from the time they enter Newton North through graduation. Acknowledging and praising the high points in a students life and helping them navigate and reflect through the low points."

Our Guiding Light ...

High school is a stressful, exciting, and rewarding experience. During turbulent times, guidance counselors are always there to help students every step of the way. By the end of senior year, we have each established a real connection with our guidance counselors and can determine our success after our high school years. Seminars are held freshman through senior year, serving as a checkpoint to reflect on classes, relationships, parents, college steps or anything that could possibly get in the way of your optimal education at Newton North!

Guidance Counselors

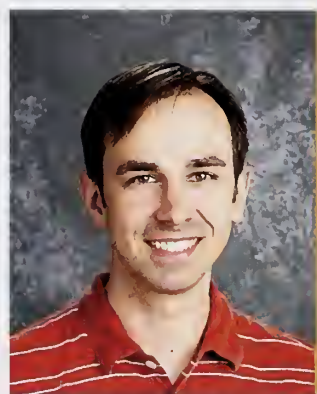

What is most CHALLENGING for a student in an AP/Honors class?

Janice Miller,
English Teacher

"For students, an honors class typically asks students to read more and write more. These students can make strong accurate inferences on their own, showing a quick grasp of literary devices and figurative language. They also tend to be more confident in their writing."

Dennis Klem
Math Teacher

"The speed at which the student needs to learn material, and the necessity that the student work independently and collaboratively to understand the material."

What do you like MOST about teaching AP/Honors classes?

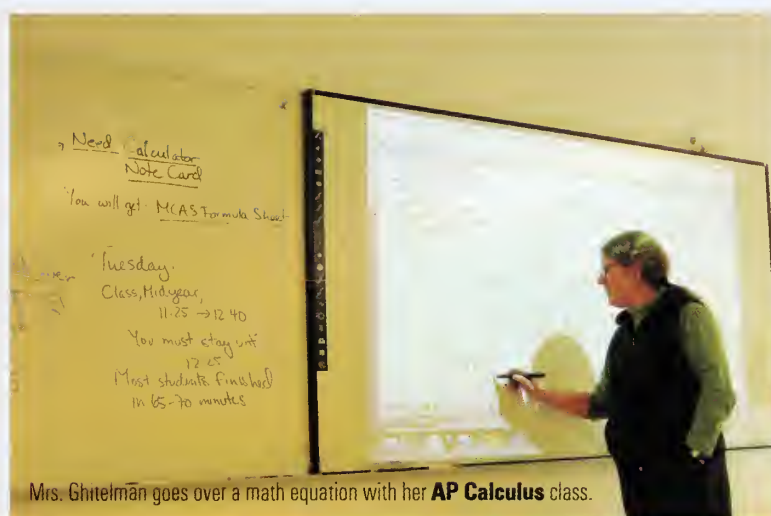

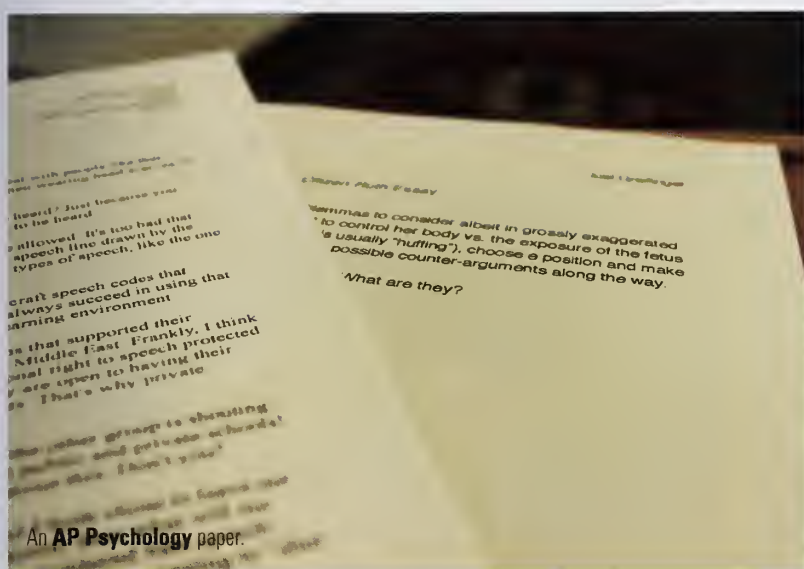

Katherine Heidtge, History Teacher

"The kids. Generally, students who choose an honors or AP class do so because they are especially interested in the subject, so most of them are enthusiastic, come prepared for class, and do a lot of independent thinking."

David Bennett, Science Teacher

"The students take the class to learn about the subject because they have a passion for it. They all engage in the class and are excited for each new topic."

Preparing for the big test

ADVANCED PLACEMENT & HONORS LEVEL CLASSES

As we all know, Newton North is ranked as one of the most competitive schools in the Northeast. Not only does North compete at a high level in athletics, claiming many divisional championships, but it is also very competitive through our advanced level classes, such as the honors level and advanced placement (AP) courses.

In these classes, teachers push students to their highest potential. This year, 339 students prepared to take 640 AP exams in the early Spring. These college-level courses

allow students to think more analytically, enhance their writing and challenge their brains.

Every teacher has different expectations and different assignments, but North students learn to cope with the difficult challenges they decide to take on. Finding time to study, do work, and understand the fast pace material may be extremely stressful in the moment, but when entering the real world, students will be grateful of the hardwork they put in as a high achieving student.

What is your favorite part about teaching?

Tom Connellan, Graphic Design

"Graphics is where it all happen! It's where we print reports cards, posters for athletics and theater events, but also, where students are able to express their creative side!"

Cindy Massoff, Art

"I love to teach students! But, most of all, I love to see the smile on my students' faces when they see the finish product!"

Andrea Shurtleff, Drafting

"I enjoy teaching students! Drafting is a tool or language to communicate on how things can be built in everyday life."

Inside the Career and Technology Education Labs

The HANDS ON Experience!

At Newton North students thrive for the practical, hands on experience to build upon prior learning. With course options ranging from graphic arts to automotive technology to art to television production to science labs to culinary, students can explore new disciplines to satisfy future hobbies or careers. The ability to transfer information learned in the classroom directly to life outside of school has always been appealing to students and a main goal of education.

Graphics arts communications is one of the many popular and exciting electives offered at North. This class allows students to express their individuality and creativity through interesting projects such as family crests, note pads, stickers, advertising posters, cards,

buttons, and business cards. Not only do students gain the experience in design; they also learn the ropes of a printing press and learn how to work with clients.

In automotive technology, students develop knowledge and understanding of the use of tools and equipment, work place safety, and the basic working system of the modern automobile. The intermediate levels expands on this learning, allowing students to have further "hands-on" experience working with cars.

The Career and Technical Department is an integral part of the Newton North community. The variety of courses help students get a jump start on learning about the careers they may plan to pursue later in life.

What was your **FAVORITE** part?

"We spent three weeks in Spain, in Burgos - the ancient seat of Castilian Kings - and in the great modern, cosmopolitan cities of Madrid and Barcelona. Students deepened their friendships with their Spanish hosts, whom they had met here in October, explored the Spanish way of life (ask them about the bread!), improved their Spanish immeasurably and learned to be more independent. We had a blast!"

"Our four-week stay in Italy was wonderful. We saw many beautiful cities and towns including Pisa, Siena, Rome, Venice and Florence. We visited fascinating museums, sampled delicious cuisine and met lovely people during our stay. The students were excellent and their cooperation and enthusiasm contributed greatly to the success of the trip.

NNHS to the World

The World Language department is committed to providing students with a comprehensive education in at least one foreign language, may it be Chinese, French, Spanish, or Latin.

In every curriculum, classes start off with a general introduction to the language and the culture of its speakers. The Spanish curriculum guides students to focus on learning the geography of Spanish-speaking countries, as well as learning how to count or say the alphabet in Spanish. Gradually, as students become more fluent in a language, many classes begin to be taught exclusively in that language in order to wean students away from relying on understanding concepts and communicating solely in English. Students supplement their knowledge in elementary grammar and culture with the study of more complex grammar

and an introduction to literature. In more advanced classes, language courses begin to away from grammar and mechanics and towards a focus on literature. Students also have the opportunity to go on Exchange trips, in which they live abroad experiencing another culture.

Abroad, students will have the opportunity to learn the culture from an insiders perspective, something that they only gain just by visiting there. The programs have students live with a host family, taking part in their daily lives, and learning how different cultures families go about living. The relationships students gain with their host family, new friends, from the culture, and with other exchange students will leave a profound influence on their lives and perspective as a world citizen.

Senior

"Spain was an incredible experience. The group bonded over tapas, museum excursions, long walks, and jokes from Dr. Wood and Mr. Mazzola. From the Guggenheim to Twenty, from Burgos to Barcelona, we shared so many good times!"

WHAT DO **TEACHERS** SAY ABOUT BEYOND THE CLASSROOM LEARNING?

Kevin McGrath **ADVISOR**

"SYP provides evidence that learning experiences in high school can be profound, and personally meaningful. I have tremendous respect for all students who accept this invitation."

Stephen Chinos **ADVISOR**

"I think SYP is the greatest thing since the wheel. I think that the students that take SYP are beautifully brave and daring, dynamic thinkers. It takes a serious commitment and a serious amount of courage to deviate from the known and go explore the unknown."

Ann Dannenberg **SYP Reader**

"Students in SYP gain enormous insights into what it means to be a truly independent learner. By choosing a topic about which they are passionate, they learn to focus their ideas and formulate a researchable question."

"I took SYP because I wanted more time to spend on my art. I feel it often comes second to academics, so it seemed like a perfect time for me to devote myself to photography. LAURIE KAMENETSKY Senior

"As scary as 'taking responsibility for your own learning' sounds, it is well worth the ride. SYP is an opportunity to completely take on what you want to do without any one holding you back. I advise any future SYP student to be as proactive as possible and ask for guidance when you need it"

Learning beyond the classroom

SPARKING YOUR INTEREST WITH... Senior Year Project!

By the end of senior year, high school starts to become more than reading comprehension and answering test questions about sinusoidal functions. It begins to pose the question: "How will I apply what I've learned to the real world?"

Well, the answer to that question is Senior Year Project, or SYP. It's a second-semester opportunity to create an independent, academic experience, away from the familiar classroom setting, with the focus on independent inquiry and intellectual growth. "The goal is to become a Senior Year Scholar and find something that you've never done before but always wanted to do, or something you've done before but want to take to a new level and investigate towards mastery," said advisor Kevin McGrath.

SYP requires that students study a topic and engage in hands-on research, which will take shape in an end-of-the-year presentation and paper that communicate all they have learned. According to advisor Stephen Chinosi, the best description of SYP came from an SYP student a few years ago who said, "SYP is awesome because for 12 years of school what I had to do was never connected to what I wanted to do, but now for the first time in my educational history, what I want to do is what I have to do."

Upon completion of the project, students come away with a sense of understanding, because the teachers and advisors here help transform ideas and dreams into realities that are applicable to everyday life.

SFA: Student Faculty Administration Board

The Student Faculty Administration Board makes the policy for the whole school. It is not a club, but a group that can make major changes in the way the school runs.

On the board are elected representatives of each class, of the faculty, and of the administration; all are elected annually. The PTSO sends two representatives, who are not voting members.

At each meeting there is a principal's report. Then the group discusses individual members' proposals on matters ranging from class rank to areas where students can socialize. Often, the board forms subcommittees to investigate concerns and make recommendations. After the board votes, the principal may still exercise veto power. If the principal lets a matter stand for two weeks, the vote is binding.

Orchestra

Directed by Adam Grossman

The NNHS Orchestra consists of violinists, violists, cellists and string bass players. They play a variety of orchestral repertoire from baroque to contemporary, from Bach to Coldplay. Wind and percussion instruments, auditioned from Wind Ensemble, join the strings for concerts to complete the orchestra.

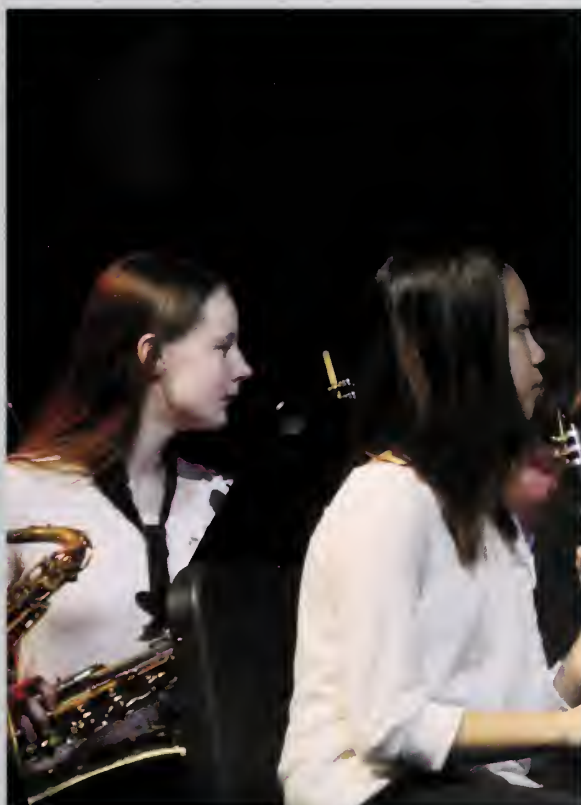

Symphonic Band

Directed by Richard Labeledz

Open to all wind and percussion instrumentalists in the school, the Symphonic Band performs traditional and contemporary music for band. Symphonic Band is an essential foundation for anyone who wants to participate in Wind Ensemble, Orchestra Winds & Percussion, the Jubilee Band, Jazz Ensemble and the school musicals.

The story takes place in the home of the wealthy Orgon, where Tartuffe—a fraud and a pious imposter—has insinuated himself. He succeeds magnificently in winning the respect and devotion of the head of the house and then tries to marry his daughter and seduce his wife and scrounge the deed to the property. He nearly gets away with it, but an emissary from King Louis XIV arrives in time to recover the property, free Monsieur Orgon and haul Tartuffe off to jail. And so his duplicity is finally exposed and punished. But not before the author has mercilessly examined the evil that men can commit in the guise of religious fervor and the dangers that imperil those who would believe only what they choose to believe despite a mountain of evidence to the contrary.

Staging "Cripple," like any play, was an "it takes a village" endeavor, and one of the big surprises for us when we started the process was the discovery of the number of moving pieces that needed to be considered. Less surprising was the level of commitment and professionalism brought to the table by the entire "Cripple" production team. Our job was to put all of these moving pieces together, and it was made easier every day by the incredible people who worked on this show. Thanks again to everyone who came out to see "The Cripple of Inishmaan," and to everyone who continues to support the arts at North.

Cabaret Troupe is a group of singers who focus on contemporary Musical Theatre written in the past 10-15 years. Cabaret Troupe's mission is to introduce the Newton community to this burgeoning genre of Musical Theatre-style music. This year's showcase, **CRAZYTOWN**, dealt with the ups and downs of adolescent life and the craziness that we all experience while in high school.

Director's Note: We chose *Big Love* by Charles Mee because it's a wonderfully written, cleverly thought-out play about gender issues, set in a comprehensive, yet thought-provoking manner. The characters are as real as they are extreme and every line causes people to think about their personal standpoint on the issues at hand and how those standpoints can change and evolve. Directing a show at North is a once-in-a-lifetime experience and we're so lucky to have had this opportunity.

Synopsis: This drama is one of the great comedy plays by William Shakespeare. Viola, cross dresses and takes the man's name of Cesario. Viola enters the service of the Duke of Illyria, Orsino. Orsino longs for the love of a neighboring countess. Viola (Cesario) then falls in love with Orsino. To add to the farce Viola's (Cesario) identical twin, Sebastian arrives on the scene. Living in Olivia's household is her uncle, Sir Toby Belch, a merry character. The steward of the household is the conceited Malvolio. The plot illustrates jealousy, mistaken Identity, cross-dressing and features fights and duels. In the end Sebastian and Olivia fall in love and marry. Orsino realizes that it is Viola that he loves and she agrees to marry him. Sir Toby Belch and Maria also decide to marry! Twelfth Night ends and everyone, except Malvolio, is happy and Shakespeare speaks of the madness of love.

nitrous oxide

*an evening of
sketch comedy*

Director's note: There have certainly been few watershed moments in Newton North history thus far, but as Nitrous Oxide closed its 10th annual Sketch Comedy revue, "A Pocket Full of Memories," we feel that we've crossed a threshold, like how *Die Hard*, *Thelma & Louise*, *The Next Karate Kid*, *The Muppet Christmas Carol*, and so many other touchstones before us, we are proud to have set a new standard of excellence in our respective field. We have no idea who founded Nitrous Oxide (the Incas?), but we know that if they're looking down on us from above, they're proud of the work we've done. After all, it is the magic number, "Stop, drop, n' roll everyone. Reduce, reuse, recycle. Just think about all of the memorable moments from this past year, like when I've haven't performed the show yet, or the hilarious character I've been asked us to write this before we did the show). And who could forget the infamous I've haven't written jack squat comedy yet). Well, all we really want to say as Nitrous Oxide begins a new chapter in its life, is "Stay beautiful, Newton North High School." Thanks for the laughs, thanks for the tears, and please, please keep shelling out the 7s.

The 5th Annual Playwrights' Festival is a collection of ten-minute plays written, directed, and produced by students. The process starts in early winter when the playwrights get to know each other and their plays very well through an intensive personal group editing process, during which the plays will be improved and transformed. The editing process culminates in the casting and production of each ten-minute play.

The background of the entire page is a dark, textured surface covered with a collage of sports-related illustrations. These include various types of paw prints in different sizes and colors (black, white, green), as well as sports equipment such as a lacrosse stick, a basketball, a soccer ball, a tennis ball, a baseball, a football, and a pair of sneakers. The illustrations are scattered across the page, creating a dynamic and athletic atmosphere.

on the field...

Tigers' play for our teammates, our coaches, our parents, and mostly, our school. Whether it's coming in bright and early, or staying late, we come out working our hardest day after day. We leave it all on the field, the court, the track, in the pool. We leave everything—time, sweat, tears, laughs—and most of all, our Tiger paw print. Here's to the athletes, playing hard with Tiger pride all seasons of the year, coming out strong and leaving their paw print on every field they set foot on.

A photograph of a street scene. In the foreground, a white crosswalk line is visible on the asphalt. In the background, there are several large, leafy green trees. A speed limit sign with the number '20' is visible on the left side of the street. The text 'on the streets...' is overlaid in a bold, orange, sans-serif font.

on the streets...

We all strive to make a mark on the world's for now we work to leave our pawprints in the community. Whether it's volunteering or working, we're all out there doing something great. Everyday, we represent our school and leave behind our Tiger pawprint on the streets and at the job.

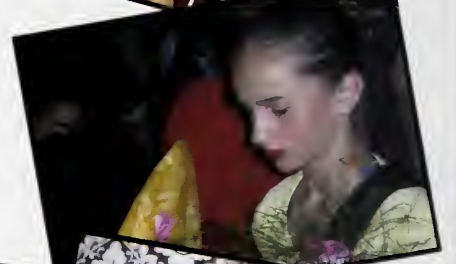

Holly Ann Szafran

Congratulations, Holly, on all of your wonderful accomplishments!

We are so proud of you!

Katja Marie Hamler

"I hope you never look back, but ya never forget, All the ones who
love you, in the place you left, I hope you always forgive, and you
never regret, And you help somebody every chance you get,
Oh, you find God's grace in every mistake,
And you always give more than you take.
But more than anything...my wish for you is that
this life becomes all that you want it to,
Your dreams stay big and your worries stay small...
I hope you know somebody loves you...this is my wish."

Congratulations! Love, Grandy, Pa, Mom, Chris & Dylan

CONGRATULATIONS TO THE NEWTON NORTH HIGH SCHOOL GRADUATING CLASS OF 2012!

When you are a child, your parents are the primary photographers of your life;
they catalogue your humanity and travels - capturing moments and places in space and time.
Your friends at **Newtonville Camera** wish for you to have success in all of your future endeavors!
Oh, and don't forget that from here on out, when it comes to photographing your life:

Don't forget to bring your camera!

Congratulations from Paul (class of 1960), Kenneth (class of 1996), and Laura (class of 1998)!

Stephanie,

From preschool to high
school you have always
made us proud.

"The best day of your life is
the one on which you decide
your life is your own. No
apologies or excuses. No
one to lean on, rely on, or
blame. The gift is yours - it is
an amazing journey - and
you alone are responsible
for the quality of it. This is
the day your life really
begins"

"Congratulations!

You're off to great places!

You're off and away!

You have brains in your head.

You have feet in your shoes.

You can steer yourself.

Any direction you choose.

Oh! The places you'll go!

Kid, you'll move mountains!

Today is your day!

Your mountain is waiting.

So...get on your way!"

-Dr. Seuss

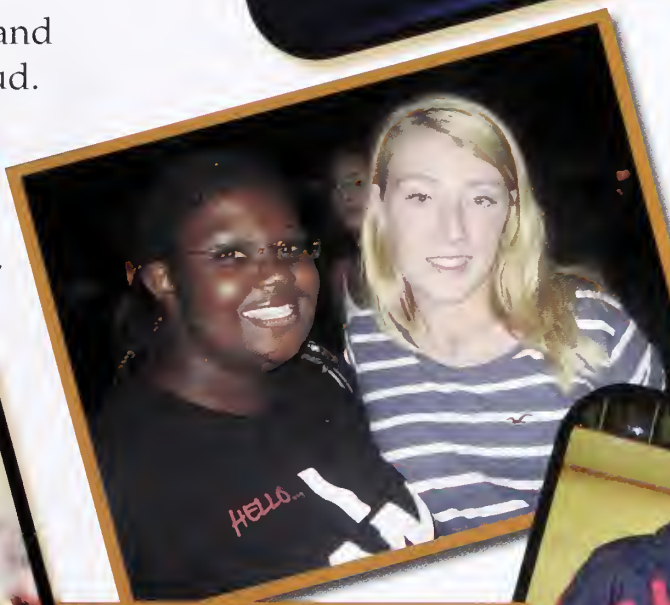

**Congratulations Shoshana

we left our paw prints...

It's that time--the one we've dreamt about, feared, talked about, planned for--it's here, whether we're ready or not. The end of the year is when we can look forward to our bright future as graduates of Newton North, and look back to remember the pawprints we left behind. We remember the good laughs; inside jokes; all-nighters; friends that have come, gone, and stuck around; feeling swamped with homework; great games and performances; and everything in between. It's these memories that have made up our years as a Tiger, and it's these same memories that leave behind the pawprints of our experiences. As we move forward in every direction, that same pawprint will always be left behind--the pawprint of a Tiger.
